ALTAWHEED

About us.

"Technology is best when it brings people together."
Matt Mullenweg

AlTawheed Group has built a trusted relationship with our elite suppliers and brands, allowing us to offer the newest and most innovative products to our customers with competitive prices. We specialized in mobile accessories, speakers, smart home solutions and gaming equipment distribution throughout the Middle East region, and control over 45% of the Egyptian market share.
Our journey began in Egypt in 2006 with one office in Cairo. Now we maintain business operations in Egypt and UAE, as well as, KSA, Bahrain, Oman, Qatar and Kuwait.

ZAGG

Wired USB-C® Keyboard

Corporate   Education

Key Features:
- Connect with different devices using a USB-C connector
- Type with comfort and ease using full-size keys
- No extra adapters needed

Compatibility:
USB-C port devices

Wired Keyboard with Lightning® Connector

Corporate   Education

Key Features:
- MFi-certified, 18" Lightning connector
- Connect instantly to any Apple device with a Lightning port
- Type with comfort and ease using full-size keys

Compatibility:
Lightning port devices

Pro Stylus

Corporate   Education

Key Features:
- Navigate and scroll with the universal capacitive backend tip and write or draw with the active tip
- Tilt recognition so you can vary the width of your stroke
- Palm rejection technology
- Works with most apps that support Apple Pencil

Compatibility:
iPad Mini 5 • 9.7" iPad (6th Gen) • 10.2" iPad (9th/8th/7th Gen) • 11" iPad Pro (3rd/2nd/1st Gen) • 12.9" iPad Pro (5th/4th/3rd Gen) • 10.9" iPad Air (5th/4th Gen)

Tri-Fold Keyboard

Corporate   Healthcare   Education

Key Features:
- Compatible with Bluetooth® devices
- Lightweight design is made for versatile, on-the-go use
- Laptop-style typing with full size keys
- Folds to a small, easily portable size

Compatibility:
Bluetooth® devices

ALTAWHEED

ZAGG

Pro Keys

Corporate

Key Features:

- Provides 6.6ft. (2m) of drop protection, yet it's lightweight design fits easily in your bag
- Comfortable typing experience using backlit, laptop-style keys
- Holder for Apple Pencil or ZAGG Pro Stylus
- Built-in stand secures tablet in two viewing angles

Compatibility:

10.2" iPad • 10.9" iPad • 11" iPad • 12.9" iPad

Messenger Folio™ 2

Corporate

Key Features:

- Go anywhere with ultra-slim design
- Built-in stand secures tablet at an ideal viewing angle
- Comfortable typing experience using laptop-style keys
- Stylish fabric cover

Compatibility:

10.2" iPad • 10.5" iPad

Pro Keys with Trackpad

Corporate

Key Features:

- Use the trackpad to scroll, navigate, and click, or turn it off to preserve the keyboard's battery life
- A rigid core, rubberized edges, and corner bumpers all combine to provide 2 metres of drop protection
- The lightweight keyboard and case detach to accommodate different uses and environments
- Holder for Apple Pencil or ZAGG Pro Stylus
- Built-in stand secures tablet in two viewing angles

Compatibility:

10.2" iPad • 10.9"/11" iPad • 12.9" iPad

ProMouse-Qi Mobile Mouse + Charge Pad

Corporate   Education

Key Features:

- Wireless Charging: Charge your mouse quickly via wireless Qi charging – no cables needed.
- Track-on-Glass: The mouse tracks on multiple surfaces including on glass. No need for a mouse pad.
- Multi-pairing Functionality: Easy-to-use multi-pairing functionality without the need for additional pairing hardware.
- Long Lasting Battery: Li-Polymer battery allows for up to 3 months use before charging.
- Drop Protection: Overmold construction offers up to 2-meter drop protection.
- DPI Adjustment Capability: Adjust from 800 dpi to 2400 dpi.

Mophie

snap+ wireless vent mount

Corporate

Key Features:

- Attach the snap adapter to any smartphone to make it compatible with the snap+ wireless charging vent mount.
- Magnetic array ensures accurate placement so charging begins on contact
- Charge through cases up to 3mm thick
- Delivers up to 15W of power
- Use phone in portrait or landscape mode
- Perfect viewing angles with pan-tilt positioning

Compatibility:

Qi-enabled devices • USB-C devices

snap+ wireless charger

Corporate

Key Features:

- Attach metallic ring to any smartphone to make it compatible with the snap+ wireless charger
- Magnetic array ensures accurate placement so charging begins on contact
- Charge through cases up to 3mm thick
- Delivers up to 15W of power
- Low standby current ensures minimal power draw when not in use

Compatibility:

Qi-enabled devices • USB-A devices

snap+ wireless charging stand

Corporate

Key Features:

- Attach metallic ring to any smartphone to make it compatible with the snap+ wireless charger
- Magnetic array ensures accurate placement so charging begins on contact
- Charge through cases up to 3mm thick
- Delivers up to 15W of power
- Low standby current ensures minimal power draw when not in use
- Includes a 20W wall adapter

Compatibility:

Qi-enabled devices • USB-C devices

snap vent mount

Corporate

- The magnetic array on the snap vent mount works with MagSafe compatible devices.
- Attach snap adapter to any smartphone to make it compatible with the snap vent mount.
- Use your phone in portrait or landscape mode

Compatibility:

Qi-enabled devices • Smartphones

Mophie

snap adapters

- The magnetic array on the snap adapters works with MagSafe compatible devices
- Kit includes two metallic rings
- Adds MagSafe compatibility to any current or older Qi-enabled devices.
- Attaches to most cases for easy MagSafe and snap compatibility.

Compatibility:
Qi-enabled devices

snap+ powerstation® stand

- The magnetic array on the snap+ powerstation stand is compatible with MagSafe for iPhone 12 models and any Qi-enabled smartphone
- The magnetic array ensures accurate placement so charging begins on contact
- Attach the included snap adapter to any smartphone to make it compatible with the snap+ powerstation stand
- The snap+ powerstation stand can charge through cases up to 3mm thick

Compatibility:
Qi-enabled devices

wireless charging hub

Key Features:
- Charge multiple devices at once
- Delivers up to 10W of wireless power
- Two USB-A ports and one USB-C port
- LED light indicates that your device is wirelessly charging.
- Anti-slip ring keeps device in place while wirelessly charging.
- Low standby current ensures minimal power draw when not in use

Compatibility:
Qi-enabled devices • USB-A devices • USB-C devices

snap+ juice pack® mini

- The magnetic array on the e snap+ juice pack mini works with MagSafe compatible devices
- The magnetic array ensures accurate placement so charging begins on contact
- Attach the included snap adapter to any smartphone to make it compatible with the snap+ juice pack mini
- The snap+ juice pack mini can charge through cases up to 3mm thick

Compatibility:
Qi-enabled devices

Mophie

15W wireless charging pad

Key Features:

- Non-slip rubberized coating
- Fast charging speed up to 15W
- Premium fabric finish
- Fast charge optimized for iPhone, Samsung, and Google

Compatibility:

Qi-enabled devices

wireless charging stand+

Key Features:

- Wirelessly charge two devices and connect a third with the USB-A port
- Charge your phone in portrait or landscape mode with fast charging speed up to 15W
- Includes an Apple Watch adapter; all you need to charge your Apple Watch is the magnetic charger

Compatibility:

Qi-enabled devices • USB-A devices

4-in-1 wireless charging mat

Key Features:

- Wirelessly charge four devices and connect a fifth with the USB-A port
- Engineered to deliver up to 10W of wireless power
- Includes an Apple Watch adapter; all you need to charge your Apple Watch is the magnetic charger

Compatibility:

Qi-enabled devices • USB-A devices

powerstation® go rugged compact

Key Features:

- Use the two USB-A ports to charge your phone and tablet simultaneously
- The convenient floodlight is built for everyday emergencies and includes an SOS feature and a high-visibility red light
- Easily jump starts a full-sized truck and 12V vehicle batteries
- Easily fits in your centre console, glove box, or dresser drawer

Compatibility:

Always Stylish Strap Case

BOAT™

iPhone 14 Series

BOAT™

The boat is a combination of rigid PC + flexible TPU material.

It has a horizontal design to prevent shaking by utilizing the curves on the upper and lower sides of the rear side, and the soft silicone strap function is added to maximize usability.

a rare experience - araree

Convenient One-Handed Use

Try holding your iPhone comfortably with one hand.
The strap on the back of the cover prevents accidental dropping.

⚠ iPhone 14 Series

Please check the model before purchase!

iPhone 14 Pro

iPhone 14 Pro Max

The perfect combination of a solid PC and a highly resilient TPU

The inner back cover made of hard PC material and the side and rear made of TPU material that is strong in shock absorption

Inner Back Cover

ALTAWHEED
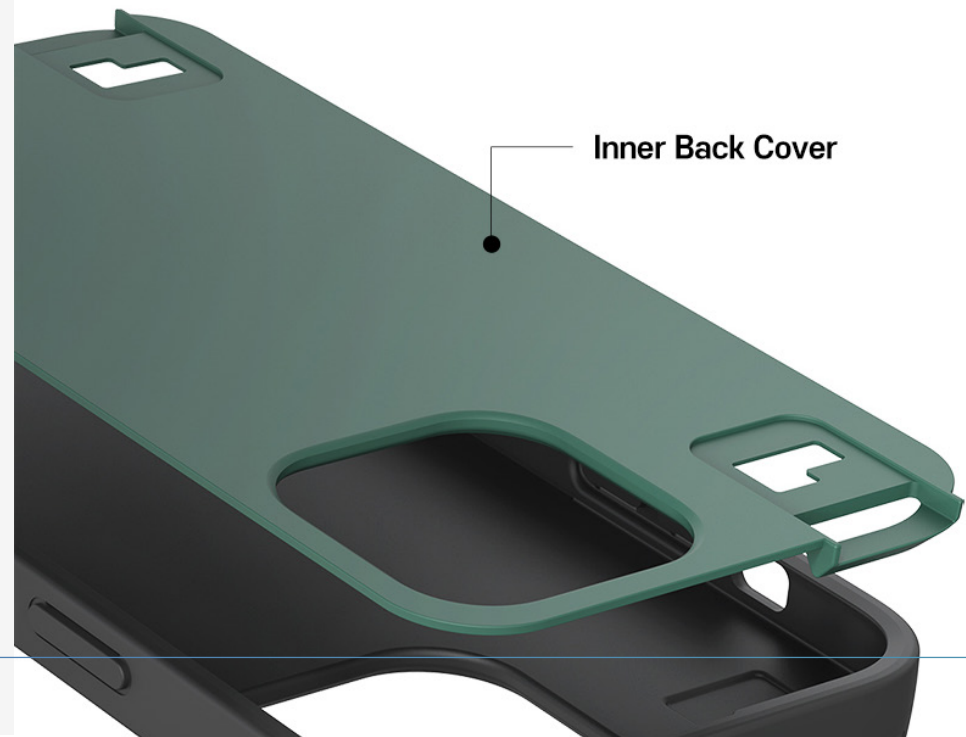

Of course, if it is a protective case, it should be faithful to protection

It protects the **iPhone 14 Pro | 14 Pro Max** from scratches, external shocks, and contamination that may occur in daily life.
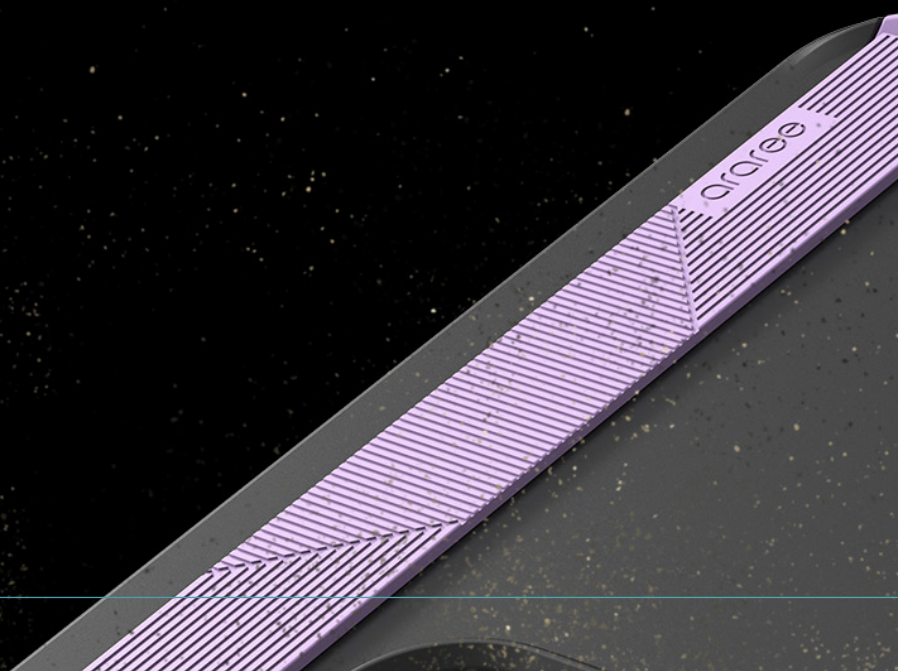

Stereoscopicly Designed Volumes and Power buttons

It is designed in 3D for comfortable touch.

A wider touch is possible with one hand

Even the iPhone, which is too large to be operated with one hand, can be used more easily by using the strap on the back.

Soft Silicone Strap

Made of soft silicone material with excellent elasticity and resilience, the strap is designed to fit the user's hand for a secure grip.

Perfect Compatibility

It is designed to be compatible with many types of cables and wireless charger.

75% Charged

ALTAWHEED

- The first to offer different interchangeable cases for users to switch them up for style variation, without needing to purchase a new set of earbuds

- Built with the latest Qualcomm 3046 chip and featuring Bluetooth 5.2 for fast and stable connection

- The 12mm drivers and Qualcomm aptX high definition are able to deliver powerful bass and clear, industry-leading sound quality

- 40 hours of total playtime. 8 hours for a single charge and charging case holds 4 extra charges

- 4 RGB lights on the left side of Sirius P5 can be customized with changing colors for additional personalization.

- Smart touch controls on the earbuds make them easy to use.

- Lightweight makes it comfortable to wear. ENC for crystal clear calls.

- 2 sound modes - concert acoustics in Music Mode and 48 low latency in Gaming mode.

- An IPX4 water-resistant rating makes Sirius P5 ideal for outdoor.

- The included necklace can be attached to the earbuds to ensure they are never lost in any activity.

CRYSTAL CLEAR IMAGE QUALITY

Most security cameras offer 1,080p per image, or 2 million pixels. Our lenses provide up to 4MP, or 4 million pixels per image. That's 2x the capabilities of common security camera lenses. With IMILAB, you get the clearest picture quality every time.

NO MONTHLY FEES

Start using your IMILAB devices with 7 days rolling cloud storage at no cost. Alternatively, you can also use a micro-SD card.

TIMELESS DESIGN

Who says home security devices can't be elegant? We believe design matters as much as function. We've used this theory to create the sleekest security cameras around. With pristine white exteriors and round curved edges, our cameras seamlessly blend into any room of your home.

WORRY - FREE SERVICE

All IMILAB devices are covered under a one-year manufacturing warranty. Our team of dedicated technicians are here to provide every IMILAB owner with professional post-sales support. Together, we all strive towards one common goal: creating the best customer experience possible every single time.

BATTERY & SOLAR POWERED NO NEED FOR A SECOND CHARGE

*connect to solar panel and expose to a minimum of 4hours' sufficient sunlight per day

Battery Saving Design
No need to constantly charge anymore — the EC4 features a built-in 5200mAh rechargeable battery. A single charge can last for months, and with an optional solar panel, you may never need to recharge. With an integrated AI chip, human figure detection is more accurate and doesn't drain the battery.with an optional solar panel, you may never need to recharge. With an integrated AI chip, human figure detection is more accurate and doesn't drain the battery.

- Keep Your Camera Working Well Every Day: The 3.5W high-efficiency solar panel means you don't need to waste time changing your camera's batteries often
- Easy to Install: Comes with an adjustable mounting bracket to find your ideal setting
- IP66 Weatherproof: Goes anywhere outside with a weather-resistant design
- Provides nonstop power with only a few hours of sunlight every day
- Product Dimensions: (9" x 5" x 2.9")

4MP CRYSTAL CLEAR

Experience the vibrant 4-megapixel live stream of the IMILAB EC4! A new standard in affordable visual clarity, the EC4 will revolutionize the battery-operated security camera space.
Access to a more comprehensive picture with a 150-degree diagonal field of view.

When someone enters these critical areas, the spotlight will flash, and a built-in alarm will trigger

FLEXIBLE AND SECURE STORAGE

Subscribe to the IMILAB Smart plan or insert a micro SD card to access the History Clip.
The IMILAB cloud storage based on AWS cloud service covers 190 countries with extremely high reliability. All IMILAB video data is securely encrypted with randomly generated encryption keys. SSL encryption is also applied to the cloud storage data transition, ensuring only legitimate users can access the data via the corresponding digital certificate. With the automatic data backup on IMILAB cloud storage, users can access video recordings any time, anywhere.

IP-66 WEATHERPROOF

The EC4 is waterproof and functions perfectly in rain and snow.
The operating temperature is -4° to 122° Fahrenheit (-20° to 50°C)

EASY INSTALLATION

Only 3 steps, no messy cable jungles here — easy installation in 1minute, complete with clear instructions.

FULL-COLOR NIGHT VISION

Say goodbye to the blurred black and white video. The EC4 features a bright spotlight that turns on automatically if a person is detected at night, revealing a full-color capture.

NEVER MISS A THING

Simply tap on the IMILAB Home App to immerse yourself in high-resolution, real-time video from your cameras. What could be easier?

CONTROL IT ALL WITH THE FREE IMILAB HOME APP

Check-in everywhere, or receive and respond to smart alerts instantly and easily with the IMILAB Home App, creating comprehensive home protection at your fingerprints.

Simply tap on the IMILAB Home App to immerse yourself in high-resolution, real-time video from your cameras. What could be easier?

ALTAWHEED

The IMILAB C20 Pro redefines the very idea of an indoor home security camera. Whether you want to keep an eye on the kids, watch for intruders, or find out what your pets really do while you're at work, the IMILAB C20 Pro's features make it easy to watch over the things you love the most.

IMILAB C20 Pro
The Next Generation of Home Monitoring

2K UNBEATABLE PICTURE QUALITY

IMILAB's industry-leading lens technology and a 2 million-pixel sensor provide 2K video with best-in-class clarity and color.

ENHANCED NIGHT VISION

Improved infrared night vision technology gives the C20 Pro revolutionary picture clarity and depth in the dark.

ADJUSTABLE 360° PANORAMIC VIEW

The C20's dual-motor technology allows the camera to turn in four directions for 360° lateral and 105° vertical movement. Say goodbye to pesky blind spots!

REAL-TIME TWO-WAY CALLING

Enjoy two-way, intercom style communication through the C20 Pro's on-board microphone.

HUMAN DETECTION & TRACKING

Improved AI technology not only recognizes the shapes of people, but can also track them through your space. Playing hide and seek just got a lot harder!

ABNORMAL SOUND DETECTION

The C20 Pro uses its on-board microphone to analyze ambient sound and notify you if it hears a crash, glass breaking, or a child crying.

H.265 ENCODING

This next generation video encoding protocol allows to save the same HD quality video at only 50% the size, increasing storage capacity and shortening load times.

IMILAB C30

KEY FEATURE

2.5K Crystal Clear

Connectivity 2.4 & 5GHz Wi-Fi

Starlight Night Vision

Human Detection & Tracking

360° Panoramic

Absence Alert Set in certain

2.5K CRYSTAL CLEAR VISION

Boost your footage quality with the IMILAB C30. See your live stream in super sharp 2.5K image quality (2560x1440).

STARLIGHT NIGHT VISION

With F1.4 ultra-large aperture lens, C30 can produce clear, sharp footage even in low light circumstance.

2.4 & 5G CONNECTION

The C30 can switch between 5GHz and 2.4 GHZ bands to provide lightning-fast access to your videos, even in busy public WIFI areas.

PRIVATE MODE

Let's face it - privacy is becoming a rare commodity in our 24/7 connected world. The good news? C30 features a privacy mode. You can easily disable recording with just a simple tap.

SOUND DETECTION

When there is an odd sound like crashing, breaking, or a child crying, the C30 will detect it and send it to your smartphone, ensuring the safety of your children.

ALTAWHEED

HUMAN DETECTION & TRACKING

The C30 packs advanced artificial intelligence features into a small package. It automatically recognizes the movements of everybody in its coverage zone and generates far fewer false alarms than other capture systems. Even when it's sleeping, it will wake up when motion is detected and send you instant alerts.

ABSENCE ALERT

When you really need to know, the C30 delivers. Just set an absence alert and let the C30 track when your loved ones arrive and leave with your smartphone. What could be more convenient? View your live feed anytime and anywhere, including detection alerts, absence or motion or audio is detected. Create custom activity zones to alert you in the areas that matter.

Live streaming and optional 24/7 continuous cloud storage make certain that your precious moments will never be missed.

360°AUTO CRUISE

Sporting a built-in fixed-point cruise mode, the versatile C30 provides users with custom cruise points, cruise times, and cycle coverage.

In addition, the C30 includes a 2-10 preset position and automatic regional cruise control. Just enable "Motion Tracking" to automatically capture moving objects and track their trajectory. Add automatic phone notifications and you have a complete package.

homes and spaces.

ALTAWHEED

KIESLECT

"

Make Calling Easier

ALTAWHEED

WHO is Kieslect

Kieslect, one of Mi Eco Supply Chain members.

Kieslect, established in April 2017, provides smart wearable solutions.

Positioning

Kieslect is committed to smart wearables solution with ultimate appearance,
simple and elegant design, creating new experience for young people in pursuit
of fashion and individuality.

R&D

Headquartered in Shanghai China,
Kieslect is equipped with the industry's first-class R&D Team and
software&hardware testing platforms. Kieslect gathered
a group of R&D experts and master technicians with rich experience.

Principal

No settle in product quality.
For user-experience instead of specification.

Overview

Today, Kieslect employs 600 people worldwide,
manages a distribution network supplying over
5,000 retail outlets in more than 60 countries.

Miami branch in United States

HongKong branch in China

Europen& CIS branch in Moldova

Cairo branch in Egypt

After-sales center in Russia, Poland, Czech, Argentina and Hong Kong etc.

WHY is Kieslect

Brand positioning

Fashion Featured Wearables + Lady Watch

Warranty Policy

Flexible warranty process & convenient mutual communication.

Product Concept

Premium brand rooted in excellent products.
Never Settle in Quality.
Kieslect provides truely superior user-experience, put aside stacked parameters.

Market Positioning

Compared with sales, Kieslect pursuits a bigger dream in brand image and brand premium.
Compared with margin itself, Kieslect cares more about market share and brand reputation.
Aiming at the World Top-10 lists within 2 years.

Price Policy and Area Policy

Strict Regional Protection and MSRP Control.
Avoiding stock-leaking in trading market, strictly safeguarding price system.

Smart Watch Solution Provider

Kieslect not only provides products, but also provides facility for partners in sales & marketing.

Marketing Support

Maximum green-light for partners' marketing budget plan.

KOSPET

"

Watch you Want

ALTAWHEED

ABOUT US

Brand Profile

Founded in 2018, KOSPET is a technology brand that specializes in manufacturing diversified smartwatches.

The product philosophy of KOSPET is to produce highly desirable smartwatches based on user demand. Since its establishment 4 years ago, KOSPET has innovated multiple products with good sales performance, some being first launched globally. KOSPET has hitherto been leading the market in terms of Android and Rugged Smartwatches.

KOSPET centers around user demand and highlights long-term values. It is ready to join the international community to make the brand further respected and favored by each and every user.

A-Side from its businesses distributed worldwide, KOSPET has owned experienced branding agencies in over 70 countries and regions, most of which have carried out in-depth cooperation with Huawei, Xiaomi, Amazfit and other top global brands.

Android Smartwatches

Equipped with cutting-edge 4-core and 8-core processors, KOSPET Android smartwatches run with a complete Android operating system that supports 6GB+128GB at most. Thanks to their superb extensibility, Android smartwatches are not only adored by hardcore electronic lovers, but fit corporate customization perfectly.

It is anticipated that KOSPET Android smartwatches can replace smartphones temporarily.

Rugged Smartwatches

The concept of ruggedness, namely waterproof, drop-proof and dust-proof, used to be applied to mobile phones. It is KOSPET that first incorporated such concept into smartwatches. To render smartwatches more sturdy and durable, KOSPET keeps improving its product design, craftsmanship and material selection, not to mention it has passed U.S. MIL-STD Tests.

Robust, resilient and easy-to-use, rugged smartwatches are specifically designed for those who enjoy outdoor sports or work in harsh environments.

Fashion Series

With the public demand as its main focus, Fashion Series aims to provide users with exquisite and stylish fitness smartwatches.

KOSPET strives to bring diversity to the smartwatch market with ever-improving sporting algorithms, more precise health data and more advanced materials and techniques.

ALTAWHEED

Innovative Products by KOSPET

2018

HOPE, world's first 4G Android smartwatch with massive 3GB+32GB capacity.

2019

PRIME, world's first 4G Android smartwatch with a 1000mAh-plus battery.

2020

PRIME 2, world's first 4G Android smartwatch with a rotatable camera.

2021

ROCK, first Rugged outdoor smartwatch (waterproof, dust-proof, drop-proof).

2022

TANK M2, world's first Rugged outdoor smartwatch with liquid silicone rubber mold in two colors.

ALTAWHEED

ANDROID SERIES

Equipped with cutting-edge 4-core and 8-core processors, KOSPET Android smartwatches run with a complete Android operating system that supports 6GB+128GB at most. Thanks to their superb extensibility, Android smartwatches are not only adored by hardcore electronic lovers, but fit corporate customization perfectly.

It is anticipated that KOSPET Android smartwatches can replace smartphones temporarily.
